

Conference Report

September 24th-26th, 2025 | Shanghai World Expo Exhibition & Convention Center

Overview

- The content is divided into **eight key thematic sections**: Material Innovation & Application, R&D, Manufacturing Process, Regulation & Quality, Market & Purchase, Consumer Medical, Advanced Active Medical Technologies, and Other Supporting Activities.
- **26** Forums
- **140+** Expert Speakers from the Medical Device Industry
- **58%** New Audience Proportion
- **4,200+** Attendees
- Content Satisfaction Score **88.45** (out of 100), Speaker Professionalism Score **89.12** (out of 100)

Innovations and Highlights

1. Comprehensive Focus on Advanced Active Medical Equipment:

- (1) The 9th IIMD China Summit on the Implantable and Interventional Medical Device highlights key areas such as electrophysiology, surgical robotics, and interventional imaging equipment.
- (2) Active Medical Equipment Core Components and Technology Forum has been extended from half a day to a full day.
- (3) The newly launched Medical Device Components Innovation and Development Forum featured top representatives from leading domestic and international companies, including Neusoft Medical, GE Healthcare, Mindray, and Siemens.

2. In-Depth Focus on the Consumer Medical Sector:

- (1) The Medical Cosmetology Forum was a full-day event, featuring an additional session on UOR Innovation Technologies.
- (2) A newly launched Special Forum on Innovation and Practice in Rehabilitation Medical Devices also took place.

3. Strengthening Industry-Academia-Research Collaboration:

In partnership with leading institutions like Fudan University, Shanghai Jiao Tong University, and Zhejiang University, we've launched specialized conferences to highlight domestic breakthroughs and cutting-edge research in key areas such as emerging materials, artificial intelligence, optical technologies, and semiconductors.

Exhibition Dedicated to the Design & Manufacturing of Medical Devices

Conference Agenda

| Location | 2025/9/24 | | 2025/9/25 | | 2025/9/26 |
|-------------------------------|--|---|--|------------------------------------|--|
| | AM | PM | AM | PM | AM |
| Meeting Room A of Hall 1 | Material Innovation & Application | | R&D | | Regulation & Quality |
| | Boosters for the Birth of Medical Devices ——Innovative Medical Materials/Accessories | | The 2nd Medical Device R&D Innovation Forum | | Quality Focus —— Medical Device Life Cycle Risk Management |
| Meeting Room B of Hall 1 | Manufacturing Process | | | | Market & Purchase |
| | Precision Machining Equipment and Technology Forum | Plastic Molding Technology in Medical Device Manufacturing Forum | Seminar of Advanced Technology of Medical Bonding and Welding | The 7th Session of Pack & Ster Hub | The 9th Market Report Track of Medical Device Industry |
| Meeting Room C of Middle Hall | Advanced Active Medical Technologies | | | | <div>■ Material Innovation & Application</div> <div>■ R&D</div> <div>■ Regulation & Quality</div> <div>■ Manufacturing Process</div> <div>■ Advanced Active Medical Technologies</div> <div>■ Other Supporting Activities</div> <div>■ Consumer Medical</div> <div>■ Market & Purchase</div> |
| | The 9th IIMD China Summit-Implantable and Interventional Medical Device——New Technologies, New Applications, New Opportunities | | Active Medical Equipment Core Components and Technology Forum | | |
| Centre Stage | Other Supporting Activities | | Regulation & Quality | | |
| | 2025 Medtec Official Opening | X-ray New Era, Sterilization New Epoch - China's Medical Device X-ray Sterilization Technology Debut Ceremony | The 6th Edition of Regulatory Lecture: Practice for Product Compliance and Market Launch | | |

Precision Machining, Pack & Ster, New Medical Cosmetology Materials, Active Medical Equipment Core Components, and Drug Delivery Devices have unleashed new vitality.

The Precision Machining Equipment and Technology Forum, with a focus on digital machining, saw a year-over-year increase of **53.2%** in attendance.

The Medical Device Packaging and Sterilization Forum explored new eco-friendly sterilization methods, experiencing a year-over-year increase of **103.4%** in participation.

The Medical Cosmetology Forum—Research and Clinical Application of New Materials elucidated how to achieve beauty with enhanced safety, also witnessing a year-over-year rise of **95.67%** in attendee numbers.

The Active Medical Equipment Core Components and Technology Forum focused on the localization and commercialization of chips, reporting a year-over-year increase of **77.6%** in attendance.

The Forum on Technology Development of New Type Medical Dressings shifted its focus beyond material innovation in dressings to their innovative applications as drug delivery media, also seeing a year-over-year growth of **113.3%** in participation.

Distinguished Guests and their Speech Moments

Government Agencies

- Equipment Industry Department I, Ministry of Industry and Information Technology
- National Medical Products Administration (NMPA)
- U.S. Food and Drug Administration (FDA)
- Key Laboratory of Intelligent Control and Rehabilitation Technology, Ministry of Civil Affairs
- Shanghai Municipal Health Commission
- Center for Medical Device Evaluation and Inspection of the NMPA (Yangtze River Delta)
- Global Harmonization Working Party (GHWP) Strategic Advisory Committee
- China Anti-aging Promoting Association
- Provincial Drug Administration Association

.....

Hospitals

- Zhongshan Hospital
- Shanghai Ninth People's Hospital
- Ruijin Hospital
- Shanghai Sixth People's Hospital
- The First Affiliated Hospital of Shandong First Medical University(Shandong Provincial Qianfoshan Hospital)

Universities and Research Institutions

Tsinghua University, Shanghai Jiao Tong University, Fudan University, Zhejiang University, Sichuan University, Southeast University, Tongji University, Donghua University, East China Normal University, Shanghai University, Yangzhou University, Institute of Novel Biomaterials and High-end Medical Devices Guangdong, Shenzhen Institutes of Advanced Technology, Chinese Academy of Sciences, Changchun Institute of Optics, Fine Mechanics and Physics, Chinese Academy of Sciences, Institute of Physics Chinese Academy of Sciences, Yonsei University

Top Domestic and International Enterprises

GE Healthcare, Neusoft Medical Systems Co., Ltd., iRay Electronics Technology Group Co., Ltd., Shenzhen Lancet Robotics Co., Ltd., Shanghai MicroPort EP MedTech Co., Ltd., Beijing Advanced Medical Technologies, Ltd. Inc (AMT Medical), WEMT, Hangzhou Beifeng Technology Co., Ltd., Ou Zhi Xing (Shanghai) Medical Device Co., Ltd., Coronus Medical Equipment (Shanghai) Co., Ltd., Sino-Europe MicroRobotics (Shanghai) Co., Ltd.

More presentations from upstream and downstream medical device enterprises

- Agilitech (Wuhan) Technology Co., Ltd.
- ALBIS
- ALDERS
- Anhui Tongling Bionic Technology Co., Ltd.
- Avera (Suzhou) Testing Equipment Co., Ltd.
- Avient Corporation
- Beijing Bioray Medical Technology Co., Ltd.
- Beijing Jirui Technology Co., Ltd.
- Beijing Medical Robotics Industry Innovation Center
- BioAces (Shanghai) Life Science Co., Ltd.

The venue was filled to capacity with enthusiastic participants, creating a dynamic atmosphere for academic exchange and engaging discussions.

We look forward to more opportunities for collaboration and exchange in the future.

The conference connected us with valuable resources, making it an incredibly rewarding experience.

The forum was exceptionally well-organized, with numerous specialized sub-forums.

The conference was exceptionally well-organized, with meticulous details reflecting the event team's operational philosophy. From pre-event topic discussions to pre-conference guidance and on-site facility services, every aspect was executed with precision.

We are delighted to have had extensive exchanges with the company and look forward to participating in more relevant conferences in the future.

First-time participation was truly impressive, with organization and on-site execution meeting the standards of world-class medical conferences. The event was exceptionally brilliant, and we will continue to follow and engage in this initiative.

The on-site response was overwhelmingly enthusiastic.

Having learned many new things.

2026 Medtec Global Medical Supply Chain Summit

September 1st-3rd, 2026 | Shanghai New International Expo Center N1-N4

2026 Medtec City Summit —Cities as Hubs, Clustering for Growth

April, June, November 2026 (tentative)
